Subject: BSL-3 Re-Roofing Request for Pricing
Attachments: BSL-3 ReRoof Spec.pdf

Please provide pricing to re-roof the entire project area as indicated on the drawings including the roof over the autoclave. Your pricing should be based on the attached specification. Please pay close attention to the warranty and submittal requirements. Shop drawings will be required indicating all proposed details. Scuppers should be replaced with 10x10x10 scuppers with 8" downspouts.

Should you need additional info please give me a call. If you think we need a pre-bid with the subs, I can be available to attend.

T. Scott Burnett AIA, LEED AP
